CAREER OBJECTIVES

Frontend developer skilled in HTML, CSS, JavaScript, and React, seeking to build responsive and user-friendly web applications.

PROJECTS

Personal Portfolio website (Jun 2023 - Jul 2023)

- Developed a responsive portfolio using HTML, CSS, JavaScript
- Implemented animations, dark/light mode, and mobile navigation
- Focused on clean UI/UX and performance

Whether app (Jun 2023 - Jul 2023)

- Built a responsive weather web application using React.js and OpenWeather API to display real-time weather data.
- Implemented city search with autocomplete and geolocation-based weather fetching for accurate results.
- Developed hourly (24-hour) and 7-day forecast views with dynamic UI updates.
- Added auto-refresh feature to update weather data at regular intervals without page reload.

SKILLS

- **Frontend:** JavaScript, HTML, CSS, React
- **Tools:** Git, GitHub, Browser dev tools
